PATENT APPLICATION

Parent Reference: P-0345.011-US

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In Re the Reissue Application of LEONID SHMAENOK Group Art Unit: 2622

Application No.: 10/803,201

Examiner:

Filed: March 18, 2004

Confirmation No.: 4831

For: FILTER FOR EXTREME ULTRAVIOLET LITHOGRAPHY

INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Attached is a Form PTO-1449. Some of the references were cited in and submitted during the prosecution of the parent application, U.S. Application No. 09/641,455, filed on August 18, 2000, now U.S. Patent No. 6,359,969, issued March 19, 2002, which is relied upon for an earlier filing date under 35 U.S.C. §120. Thus, copies of these references are not attached. 37 C.F.R. §1.98(d). It is respectfully requested that all of the references be made of record in the present application.

Applicant notes that the face of U.S. Patent No. 6,359,969 (for which this re-issue application has been filed) indicates the foreign patent document "EP 07180042". This reference should actually be indicated as "JP 7-180042". A copy of this Japanese patent application publication is enclosed herewith. The confusion may be attributed to the fact that Applicant originally submitted an English language abstract of JP 7-180042 prepared by the European Patent Office. Accordingly, Applicant requests that any re-issue patent from this application correctly identify that "JP 7-180042" was cited, not "EP 07180042".

This Information Disclosure Statement is intended to be in full compliance with the rules, but should the Examiner find any part of its required content to have been omitted, prompt notice to that effect is earnestly solicited, along with additional time under Rule 97(f), to enable Applicant to comply fully.

Respectfully Submitted,
